Energy Label

These beautiful thin and reliable standalone TVs are packed with smart technology to make sure you can offer the digital TV channels of your choice to your guests as straightforward as possible.

Available in screen sizes from 19"\* to 42" (with LED sets in 22" to 26"), the EasySuite range combines stylish, slim design with best-in-class picture performance and very low energy consumption. With the integrated connectivity

panel, your guests can easily hook up their digital devices to automatically view their own content on the TV screen. ThemeTV lite allows intelligent navigation through all your channels. With Instant Initial cloning your installations become a breeze.

\* The 19" EasySuite has less features and has been built for the low-end hotel and prison markets.
