- ▶ DVB T/C MPEG 2/4

Energy Label

With an integrated clock, bathroom speaker connectivity and superior features, these TVs are ideal for feature-rich standalone use. Plus they are also fully compatible with your interactive system, making them a very versatile and practical choice for every medium to high-end hotel.

PrimeSuite sets offer compatibility with the system of your choice, protection of HD premium content through digital encryption, and easier browsing of the available channels. There is also a special socket for

connecting an additional loudspeaker, for instance in the bathroom. PrimeSuite TVs are available in sizes from 22" to 42", including 22" and 26" LED sets.
